Pell City, Alabama 35125
Attention: Mr. Chris Matthews

Dear Chris:

This letter will confirm our telephone conversation on April 27, 2008 concerning a Sewage Treatment Plant to be located on County Road 50.

Originally, we talked about a Land Application for the waste water. Since that time the plans were changed to piping the water into Mill Creek. There has been no proposal or agreement for that method.

We have had no discussion since we talked about the Spray Type Irrigation. I feel like I need to clarify that I do not want my land to be used for an outfall into Mill Creek.

Therefore, since the plans have been changed, I have no interest in the Sewage Treatment Plant being located on my property.

Sincerely,

Paul Wilson
